SLIDEHEROES

GOLDEN RULE

MAKE ARGUMENTS WITH FACTS

To convince and persuade in today's corporate world business people must construct evidence-based arguments. They must demonstrate, not simply assert.

The Science of Fact-based Persuasion

BARE ASSERTIONS

BARE ASSERTIONS A DEFINITION

BARE ASSERTION

A premise in an argument that is assumed to be true merely because it says that it is true

MS. EXPERIENCED EXPERT

Consultant, Acquisition Marketing Expert

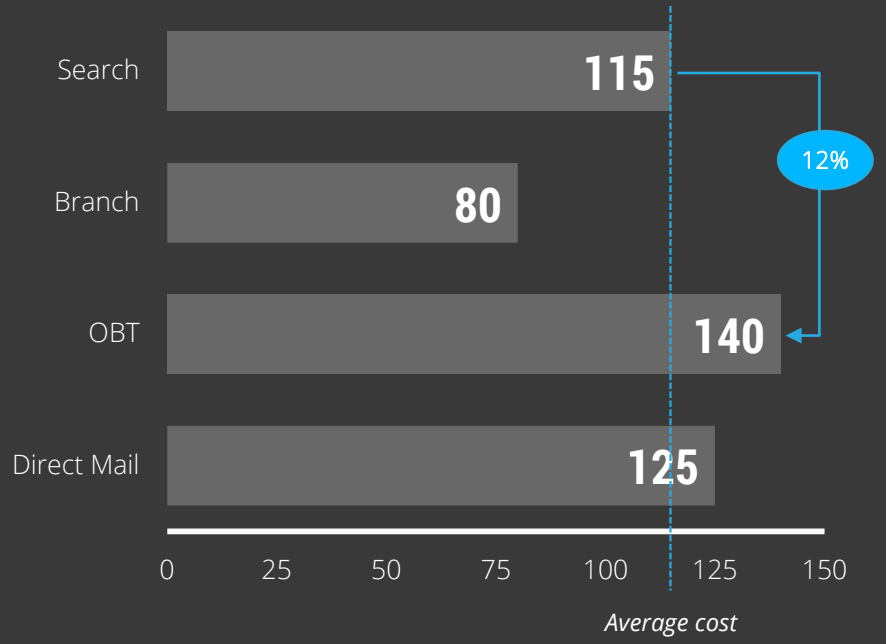
I have been in customer acquisition marketing for 20 years and, based on my experience, your problem is you are not spending enough money on customer acquisition through the outbound telephony channel.

You should double your investment in this channel.

CUSTOMERS ACQUIRED VIA OBT ARE MARGINALLY MORE EXPENSIVE BUT ARE TWICE AS PROFITABLE

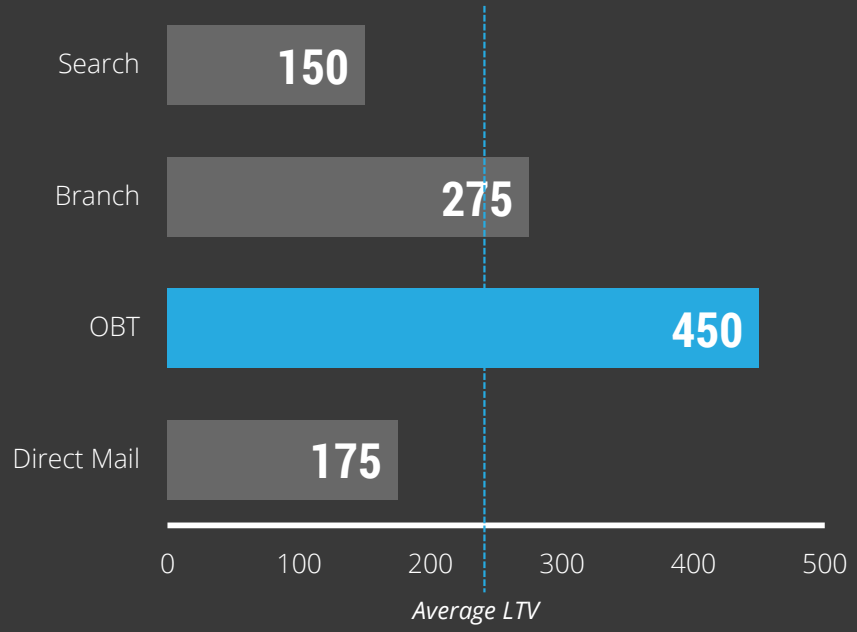
COST PER ACQUIRED CUSTOMER

By acquisition channel, $ per active customer



LIFETIME VALUE OF CUSTOMER

By acquisition channel, $



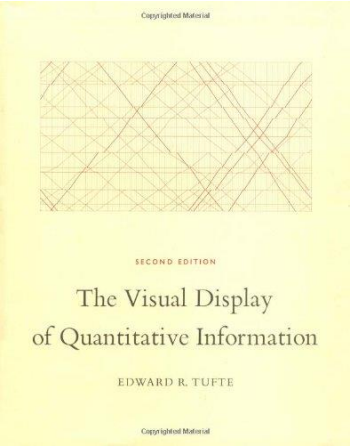
2014 US Bank Benchmarking Study

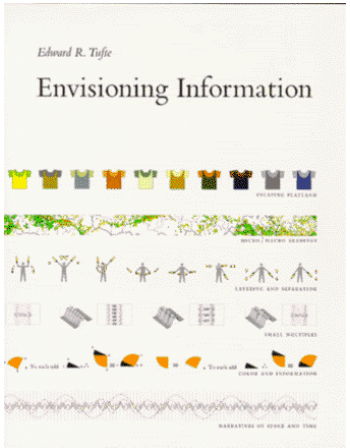
EDWARD TUFTE

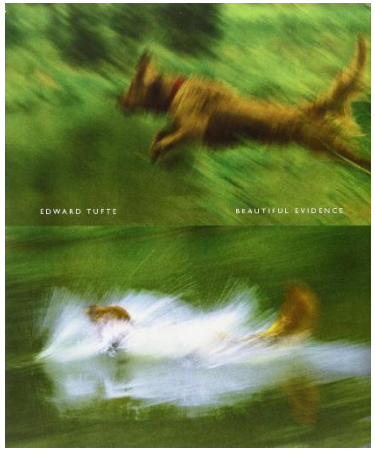
Emeritus Professor, Yale University

An American statistician and professor emeritus of political science, statistics, and computer science at Yale University.

He is noted for his writings on information design and as a pioneer in the field of data visualization.







Carte Figurative des pertes successives en hommes de l'Armée Française dans la campagne de Russie 1812–1813.

Dressée par M. Minard, Inspecteur Général des Ponts et Chaussées en retraite.

Paris, le 20 Novembre 1869.

Les nombres d'hommes présents sont représentés par les largeurs des zônes colorées à raison d'un millimètre pour dix mille hommes; ils sont de plus écrits en travers des zônes. Le rouge désigne les hommes qui entrent en Russie, le noir ceux qui en sortent. —— Les renseignements qui ont servi à dresser la carte ont été puisés dans les ouvrages de M.M. Thiers, de Ségur, de Fezensac, de Chambray et le journal inédit de Jacob, pharmacien de l'Armée depuis le 28 Octobre.

Pour mieux faire juger à l'œil la diminution de l'armée, j'ai supposé que les corps du Prince Jérôme et du Maréchal Davoust qui avaient été détachés sur Minsk et Mobilow et ont rejoint vers Orscha et Witebsk, avaient toujours marché avec l'armée.

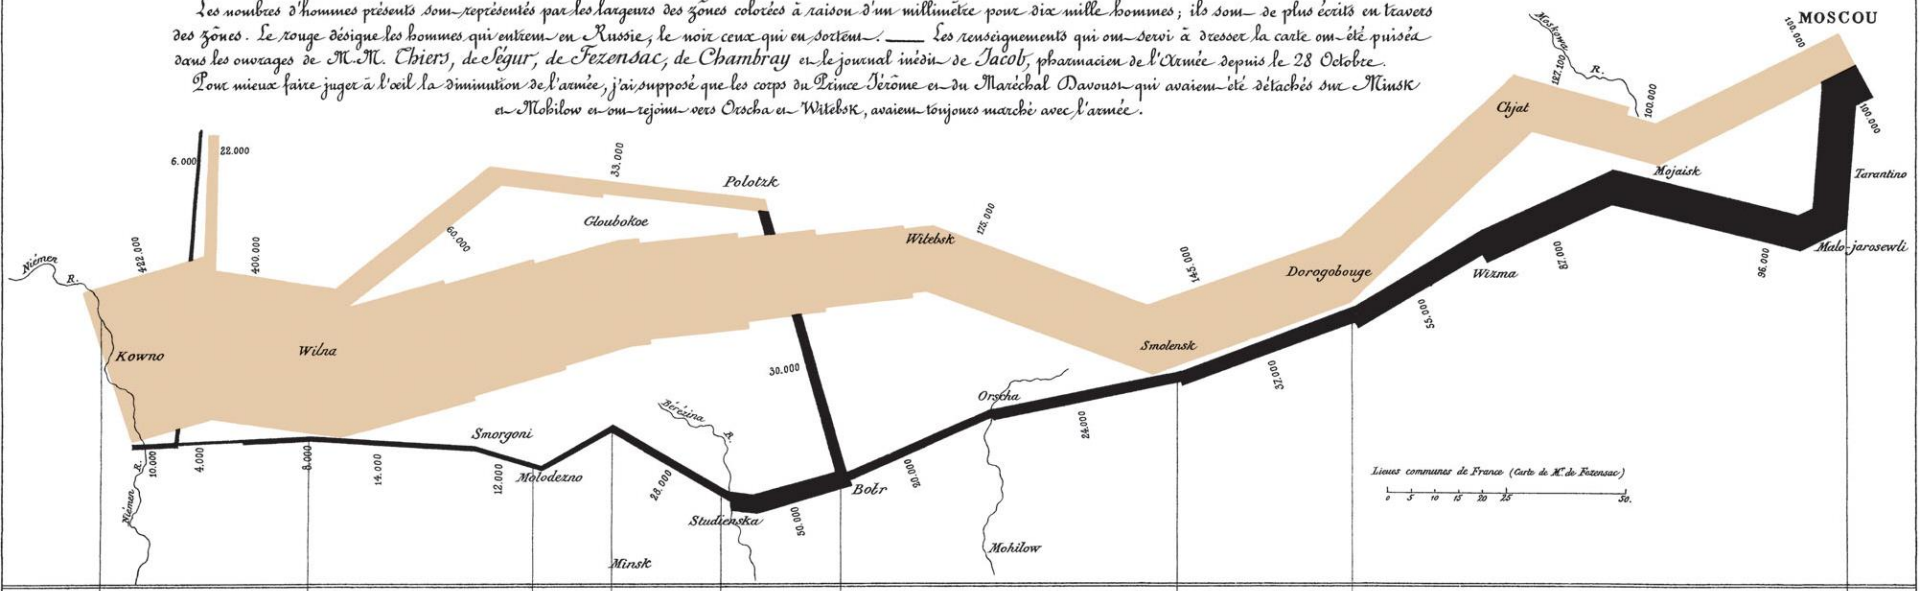


TABLEAU GRAPHIQUE de la température en degrés du thermomètre de Réaumur au dessous de zéro.

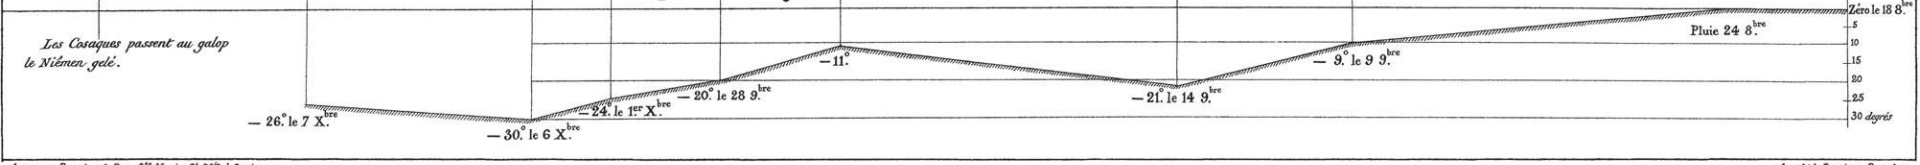

Autog. par Regnier, 8. Pas. Ste Marie St Gdin à Paris.

Imp. Lith. Regnier et Dourdet.

GRAPHICAL EXCELLENCE

1

EFFICIENT
Gives the viewer the greatest number of ideas, in the shortest time, with the least ink, in the smallest space

2

MULTIVARIATE
Is nearly always multivariate - involving more than one variable

3

HONEST
Requires telling the truth with the data

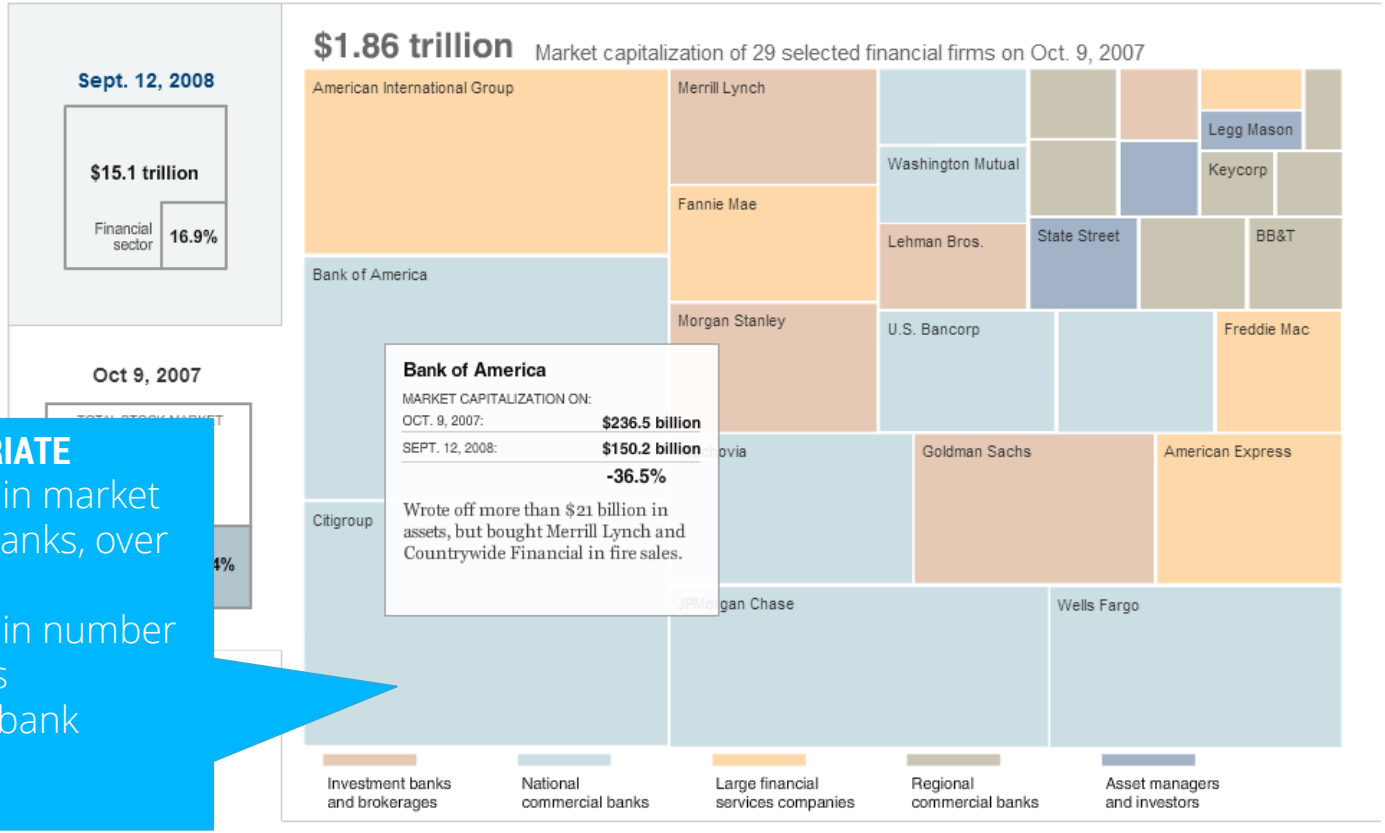
A Year of Heavy Losses

A year ago, financial companies were flying high. But as problems in the mortgage and credit markets have grown, the stocks of many Wall Street firms have been hard hit. Some of the biggest companies have been bought out, taken over by the government or gone bankrupt.



MULTIVARIATE

- Change in market cap of banks, over time
- Change in number of banks
- Type of bank

These two snapshots of the U.S. stock market and the financial sector are based on the Dow Jones Wilshire 5000 index, the market's broadest measure. Each box represents the market value of one company, which is found by multiplying the number of a company's shares outstanding by its stock price.

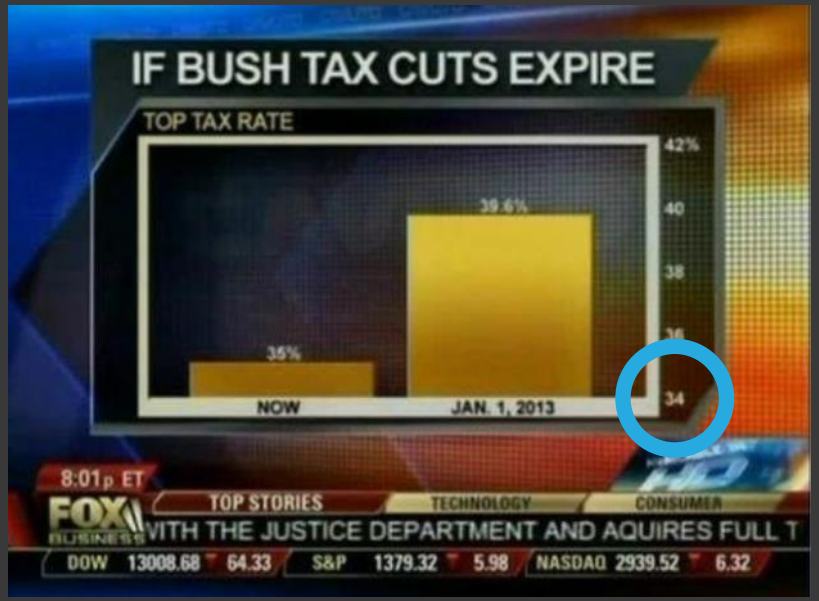
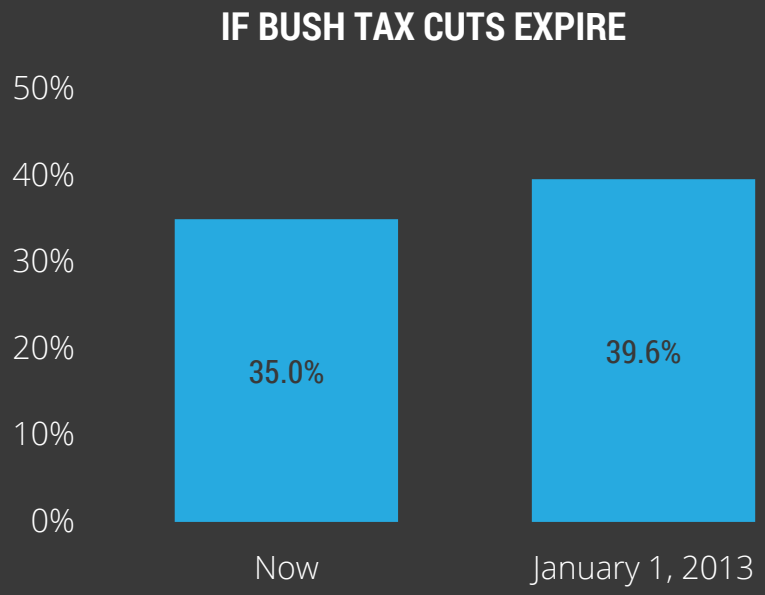
TELLING THE TRUTH WITH DATA





THREE RULES OF THUMB

SHOW THE DATA

Do not lose sight of the number one objective – present the data. All else is secondary

MAXIMIZE DATA INK

Maximize the amount of ink used to display data and minimize the extraneous non-data related ink on the page

USE SMALL MULTIPLES

Graphics can be shrunk way down. Well designed small multiples are comparative, high-density, efficient in interpretation
